DETAILED ACTION

Allowable Subject Matter

1. **Claims 1-6,8,9,12,14-21** are allowed. Claims 7,10,11, & 13 have been canceled.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or render obvious a device for training cats to go on the toilet. US 5325815 (herein 815) have similar features as the claimed invention except the containers being inserted into one another and having upper horizontal surfaces extending in a same horizontal plane and forming a common horizontal upper surface on which a cat can stand or sit, said containers being removable from one another so as to expose a throughgoing opening through which a cat can urinate or defecate. As explained in the remarks filed on 6/4/04, each of the containers with the exception of the central one is formed as a circular container, so that the outermost container has the greatest diameter, the next container inwardly has smaller diameter, etc., which 815 alone or in combination with other cited references lack.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
